H&I Report- We are going strong with many volunteers. We had a recent training with approximately 5 volunteers. As a committee we are becoming more structured with decisions o guidelines and training being made. We are working

PI on a joint adventure for center Pointe, so we have had to formulate a rough draft for a presentation. We are currently tweaking our budget I will turn in a completed budget next month.

PI- The subcommittee meeting was at an abnormal time and normal location, Antlers @ noon 21 February. . Jeff W., Dusty L., Lonnie N., and myself were present. Further discussion of the format for the PI presentations to professionals was formulated for the contribution to our next PI and H&I presentation training and development day. We are still in need of any & all information for additional treatment facilities and drug courts that members may be aware of. Please contact a PI Subcommittee member or email the info you may have. This is critical as we now have two volunteers that will be delivering PI related info to the institutions on this list. We are IN DIRE NEED OF VCOLUNTEERS to fulfill needs with respect to treatment centers, parole/probation offices, drug courts and other places requiring items and/or information from the subcommittee. These responsibilities include; contacting and determining their needs, delivery of meeting lists, PI presentations and other things as developed by the sub committee. User name and password for access to ASC minutes on website are: User name: gsrgrs Password: senanats. The reason the ASC minutes are password protected is that sometimes personal information such as home phone numbers and other details are contained in the,. It was decided that the password places an additional level of protection to these details without preventing access by any SENANA member wishing to view them. GSR's should be providing the above Username and Password to all their members. The PI Financial Assessment:
